WELCOME

Thank you for worshiping with us today at First Baptist Church Brownwood. We hope you find the people here warm and inviting. We pray that you encounter God in this place today. We believe God wants to speak to you today and the invitation for you to respond to his voice is always open. We invite you to share with us any decision you make to follow Jesus in obedience. Our church family wants to celebrate any act of faithfulness with you.

Ways to share with us:

- fill out the green contact card in the pew and drop it in the offering box in the foyer
- respond during the invitation song by speaking to the minister down front
- talk to Pastor Keith after the service or set up a time to meet in the church office

Thank you again for joining us today!
